# A NEW DIRECTION IN ENERGY

## WHY CHOOSE COMPASS ENERGY SOLUTIONS?

### Our People

Compass Energy Solutions was founded by a group of senior energy industry experts with more than 150 years of combined experience and working knowledge of commercial, industrial and institutional clients.

### Industry Experience

The principals of Compass Energy Solutions understand the intricacies of delivering comprehensive energy projects. Our expertise extends to a broad range of energy conservation measures, as well as engineering, design/build, construction management, facilities operation and maintenance.

To insure each project's success, Compass Energy's complete approach to managing a performance contract is designed to secure the performance and savings of the improvements while maximizing the project value and investment.

### Customer Satisfaction with Integrity

As our name implies, Compass Energy Solutions seeks to help you manage a constantly changing energy utilization by providing trusted guidance, reliability and integrity in our actions, plus a level of customer service and attention that will make you an enthusiastic supporter.

## WE BELIEVE IN A PARTNERSHIP PHILOSOPHY IN ENERGY PERFORMANCE CONTRACTING

Partnership with Compass Energy Solutions is an ideal arrangement that allows both firms to concentrate on their core competencies. When you choose Compass Energy Solutions, you put the unparalleled commitment of practical, technical, financial and proven skills to work for you.

### Our extensive knowledge and expertise gives us the ability to:

- Plan complex energy projects
- Provide comprehensive and innovative solutions
- Execute and coordinate diverse turnkey engineering, development and construction tasks
- Produce a quality product
- Adhere to schedules and budgets
- Secure all available Federal, State and local Utility energy rebates and incentives
- Create innovative financing options
- Assure superior customer satisfaction

## THERE ARE MORE REASONS WHY COMPASS ENERGY SOLUTIONS IS A BETTER CHOICE

We bring an unrivaled depth of talent and experience with our team of professional engineers, energy consultants, energy construction managers and energy auditors.

Most of all, Compass Energy Solutions represents a fresh approach to helping you use energy effectively. No matter what it takes – whether it's pinpointing areas of energy efficiency or addressing other energy needs that may increase your profitability – we will help you move ahead with the latest technologies and techniques.

We give you the power to control energy costs like never before. And you gain the confidence of knowing you are working with an organization that is technically and financially secure, solid and thoroughly committed to helping you achieve your objectives.

## YOU'RE NOT ALONE

When your resources are stretched thin and you need help to succeed, we can develop customized energy solutions for you.

Our partnership philosophy ensures long term extraordinary results. Our expertise and resources meet your integrated energy needs. Our people guide the project to successful completion.
